- St. Helena Hospital Foundation
- UpValley Family Centers

napa valley vintners

The Napa Valley Vintners nonprofit trade association has been cultivating excellence since 1944 by inspiring its more than 525 members to consistently produce wines of the highest quality, to provide environmental leadership and to care for the extraordinary place they call home. Learn more at [napavintners.com](http://napavintners.com).

For one weekend in June we share the treasures of *Our Napa Valley* with special visitors and we reap the benefits throughout the year. Those who attend Auction Napa Valley, along with our volunteers and generous vintner and community donors, allow the Napa Valley Vintners to invest in our nonprofit partners who provide services to Napa County residents from before birth to the latter part of life.

Since 1981, we've invested more than \$150 million in nonprofit partners within Napa County. These agencies work to enhance the quality of life for all of us by improving the overall health of our residents and providing programs that ensure our children will succeed in school and beyond. We care for our community from American Canyon to Calistoga and are happy to report on our most recent giving.

Reaching 1,200

## EARLY LEARNING INITIATIVE

In 2013, Napa Valley Vintners undertook its first long-term initiative, by partnering with First 5 Napa County to close the academic achievement gap between English language learners and English-fluent children in Napa County.

Now in its third year, the Napa Valley Early Learning Initiative focuses on supporting children and their families to ensure that every child in Napa County enters kindergarten ready to learn. The four components of the initiative are: access to preschool, quality improvement, family engagement and systems change.
